Best Of Breed All-in-one Meeting Bar For Small and Medium Meeting Room

MeetingBar A20 is designed for small rooms. It features a 20-megapixel sensor and 133° field of view, which ensure an ultra-clear and ultra-wide view even in small spaces. MeetingBar A30 dual-camera system is perfect for medium rooms. It features an optical camera with 10x optical zoom and an 8-megapixel digital camera with a 120° field of view, delivering a clear visual experience with depth, which is unable to be achieved with a single camera.

AI-powered Features

An intelligent tracking camera UVC86 supports **Presenter Tracking, Speaker Tracking and Auto Framing** feature, while VCM36 with built in **Yealink Noise Proof technology**, ensure all participants can been tracked, seen and heard with premium quality.

One CAT5e Easy Deployment

Yealink MVC system uses only one CAT5e cable, connecting the table area and TV area for a clean tabletop. Compared with USB cable, Yealink CAT5e cable can be extended up to 40 meters and costs much less. With the easy deployment, Yealink MVC system keeps your meeting room tidy and clean.

Compatible Audio Options

Yealink MVC system comes with flexible audio options for clients to cope with different scenarios, and suits different needs. Like wireless, ceiling or array mic for different rooms. Users can choose any Yealink voice device or audio solution from third-party providers including Shure, Biamp, QSC, SENNHEISER, Nuvera.

Extra-large Rooms Solution

Yealink MVC960 offers tailored design multiple cameras solutions and be-spoke audio systems to ensure everyone can be seen & heard equally & clearly in an extra-large space. With up to 9 cameras setting up at the same time, distance education is realized seamlessly

Wireless Content Sharing

Enjoy instant wireless sharing by simply plugging WPP20 dongle into PC to share content with a single touch. Customers are able to share anywhere in meeting room without distance restriction, even for X-Large room with up to 4 wireless presentation dongle for each MTouch II, and they can also smoothly switch between wired presentation and wireless presentation.

Meeting Control Integration

Integrated with AV platforms including Extron, QSC, AMX and Shure, Yealink MVC series offers more flexibility and possibilities for users control needs with unified meeting control experience.
